For ages 3 and up

**Preschoolers will discover the joy of trains
with fun and exciting . . .**

We've built over 50 million trains for kids. We know the secrets to fun and learning and we've made sure that all of our Little Lionel products:

Build Confidence

Both boys and girls will love building their first Lionel layout with easy-to-assemble track. It's simple to see where the train goes and to keep it there. Success is guaranteed! Plus, it's the perfect size for small hands!

Unique designs allow a child to actually build accessories piece by piece from the ground up!

Increase Attention

Magnetic couplers easily secure train cars together and allow a child to add other pieces in many different combinations.

Kids love repetition and predictability. They can watch their Little Lionel train go around and around the tracks!

Aid Development

Kids learn by making choices they understand. Little Lionel train cars, accessories and tracks all work together no matter which pieces kids choose.

Fun and fantastic play sets spur children's imaginations to expand their layouts and create new and exciting worlds of their own.

Practice Safety By Design

Little Lionel products are made from high quality, non-toxic plastics for exceptional durability but are light weight to be "house-friendly" and easily cleaned with soap and water.

PLAY SETS
