THOMAS THE TANK ENGINE & FRIENDS

TM

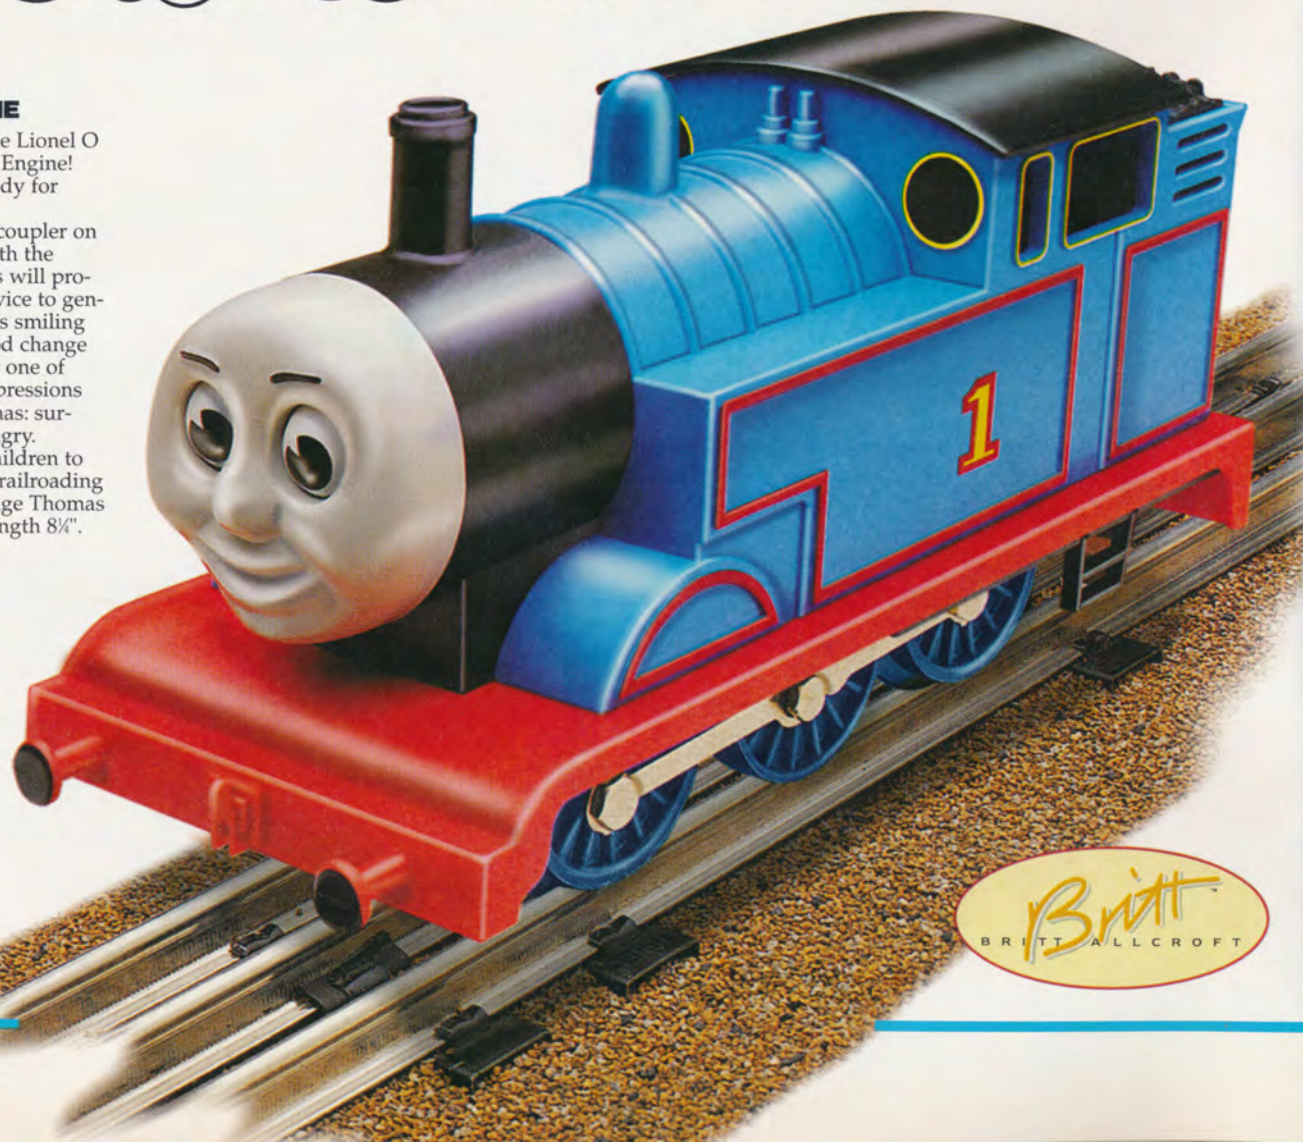

8719 THOMAS THE TANK ENGINE

New! Introducing the newest member of the Lionel O gauge locomotive family, Thomas the Tank Engine! You asked for him, and here he comes—ready for adventure on your Island of Sodor.

From his front bumpers to the magnetic coupler on the rear, Thomas is picture-perfect. Built with the dependable Lionel six-wheel drive, Thomas will provide years of reliable, low-maintenance service to generations of his fans. Everywhere he goes, his smiling face greets passing trains. And when a mood change

is in order, reach for one of three extra facial expressions included with Thomas: surprised, tired, and angry.

Introduce your children to the magic of Lionel railroading with our new O gauge Thomas the Tank Engine. Length 8 $\frac{1}{4}$ ". (6-18719) \$129.95

55 TIE-JECTOR™

New! Get that wood a-flyin' with the all-new 55 Tie-Jector! Featuring an all-new, precision can-motor drive and tie-ejecting mechanism, the 55 is one smooth performer. As it cruises along your right-of-way, the 55 Tie-Jector "looks" for one of your two installed track trips (included). When it finds the first one, the Tie-Jector springs into action. Suddenly, small wooden ties begin flying from the delivery chute as the 55 cruises down your track. When the ties are exhausted—or when your 55 Tie-Jector reaches the second, deactivating track trip—the wood-throwing party comes to an end. But there's always more fun around the corner—just collect the ties along your right-of-way, load them into the 55's tie bin, and you're ready for more lumber-flying action. Great fun, great value! Plastic and metal construction. Length 7 1/2". (6-18427) \$79.95

2426RS RAILSOUNDS TENDER

It's back! Announcing the return of the Railsounds tender, now in the top-quality die-cast 2426 tender platform. Just couple your 2426RS to any Lionel or Lionel-compatible steam locomotive. Power up, and suddenly you're experiencing Railsounds' ultrarealistic chuff, whistle, and bell digital samples. Die-cast six-wheel trucks, magnetic coupler, metal frame, excellent handrail detail. Length 9". (6-19833) \$269.95

5204 RIO GRANDE RS-3 DIESEL LOCOMOTIVE

Strong, powerful, good looking, and a great value. All of these describe our new 5204 Rio Grande RS-3 diesel locomotive. No matter what kind of Lionel railroad you own—new, growing, or a veteran pike—the RS-3 has what it takes to earn a place on your motive power roster. Start with dual power trucks, each housing a rugged can

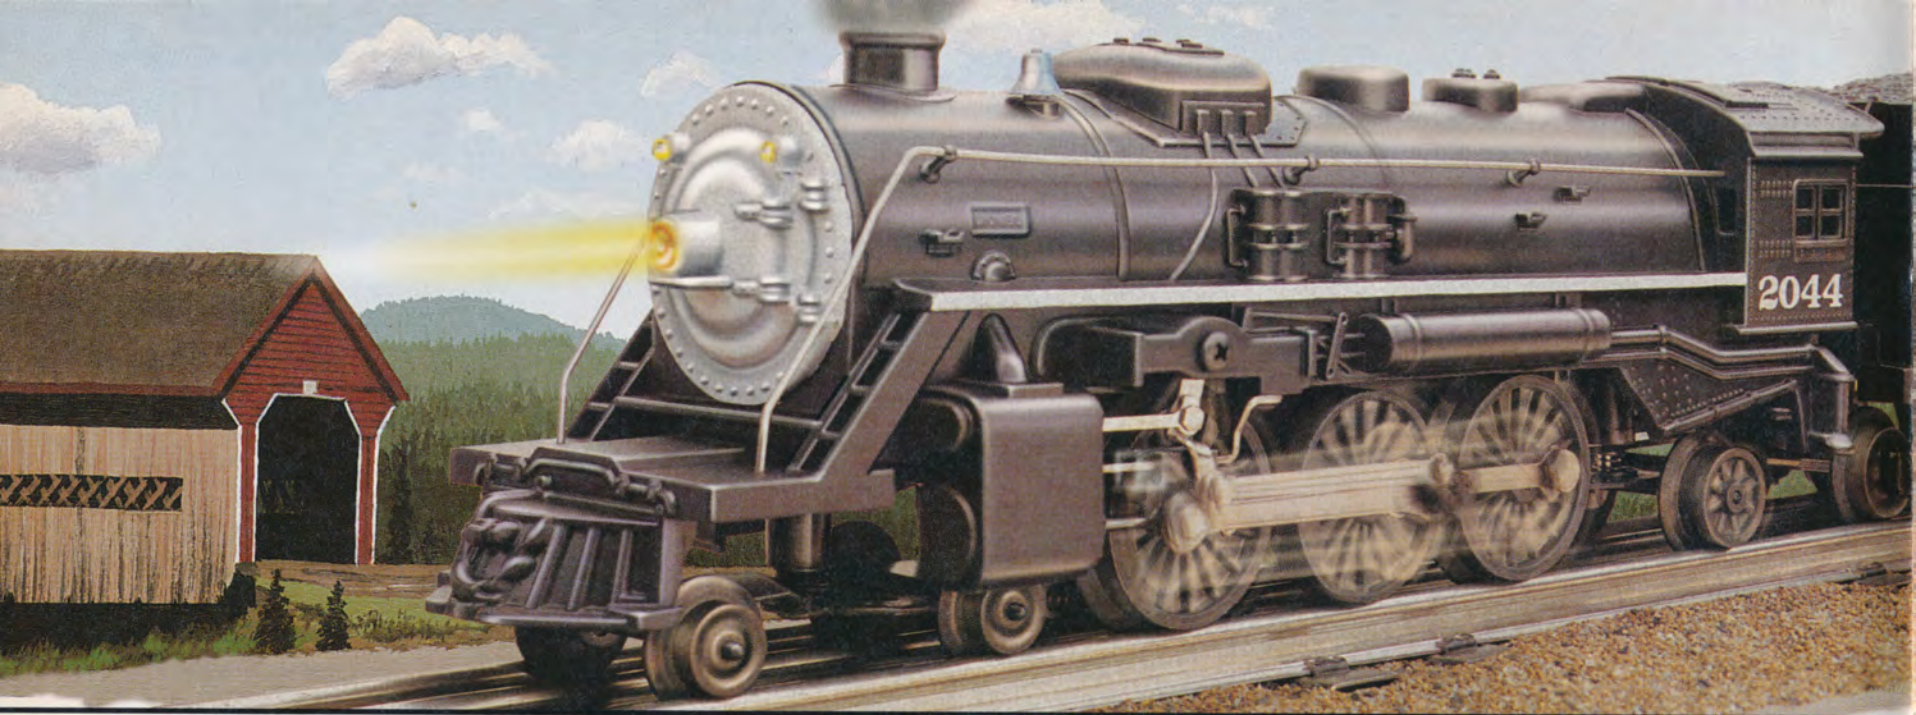

motor. Enhanced tractive effort means this RS-3 is one serious performer. Slow yard speeds to mainline highballing, the RS-3 is out to earn your respect. Accurate Rio Grande decoration, diesel horn,

interior and dual headlight illumination, metal frame, and magnetic couplers round out the big feature list.

A terrific locomotive to begin a roster, or a great addition to a growing one. Plus, the 5204 is a great complement to 1995's Lionel Rio Grande SD50. Value and performance. The Lionel 5204 Rio Grande RS-3. Length 14 1/2". (6-18845) \$199.95

**1665 NEW YORK CENTRAL
0-4-0 STEAM LOCOMOTIVE**

The classic returns! For the first time in years, the toughest little brute on the block returns to the Lionel Lines. We're proud to announce the return of the Lionel 1665 0-4-0 steam locomotive switcher.

Got a yard? Some sidings? Extra cars that always seem to be in the wrong place at the wrong time? Choose the Lionel 1665. Brute strength (you'll marvel at its low-speed crawling and pulling power) and short wheel-base allow the 1665 into tight situations other engines can only dream of.

And when it comes to detail, the 1665 is a legend: accurate styling, crisp die-cast boiler details, even rivet-perfect detail on the tender.

And we've enhanced the 1665's handrail details beyond anything seen in years.

The 1665 even has a tender-mounted backup light to warn yard personnel of movements. Die-cast tender trucks, incredible drive-rod detail, magnetic couplers front and rear, and classic Lionel quality. Switch to the Lionel 1665. Length 14 1/8". (6-18054)

2044 BOSTON & ALBANY 4-6-2 PACIFIC STEAM LOCOMOTIVE

New! Introducing the Lionel 2044, a performance classic in every sense of the term. From its tough, detailed die-cast metal boiler and rugged six-wheel drive to its quality decoration and multitude of features, the Lionel 2044 is a natural for just about any Lionel empire.

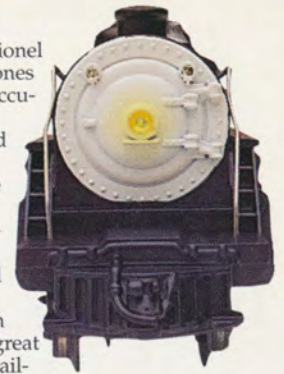

The 2044 is pure Lionel. The enhanced six-wheel drive features a powerful can motor for years of low-maintenance service. Power up, and you'll feel the precision of the drive enhancements. From slow speeds to full-throttle flights, the 2044 is comfortable in any world. Plus, the all-new flywheel gives the 2044 extra coasting distance when you bring your locomotive to a halt. And rugged tires enhance the 2044's tractive effort as well.

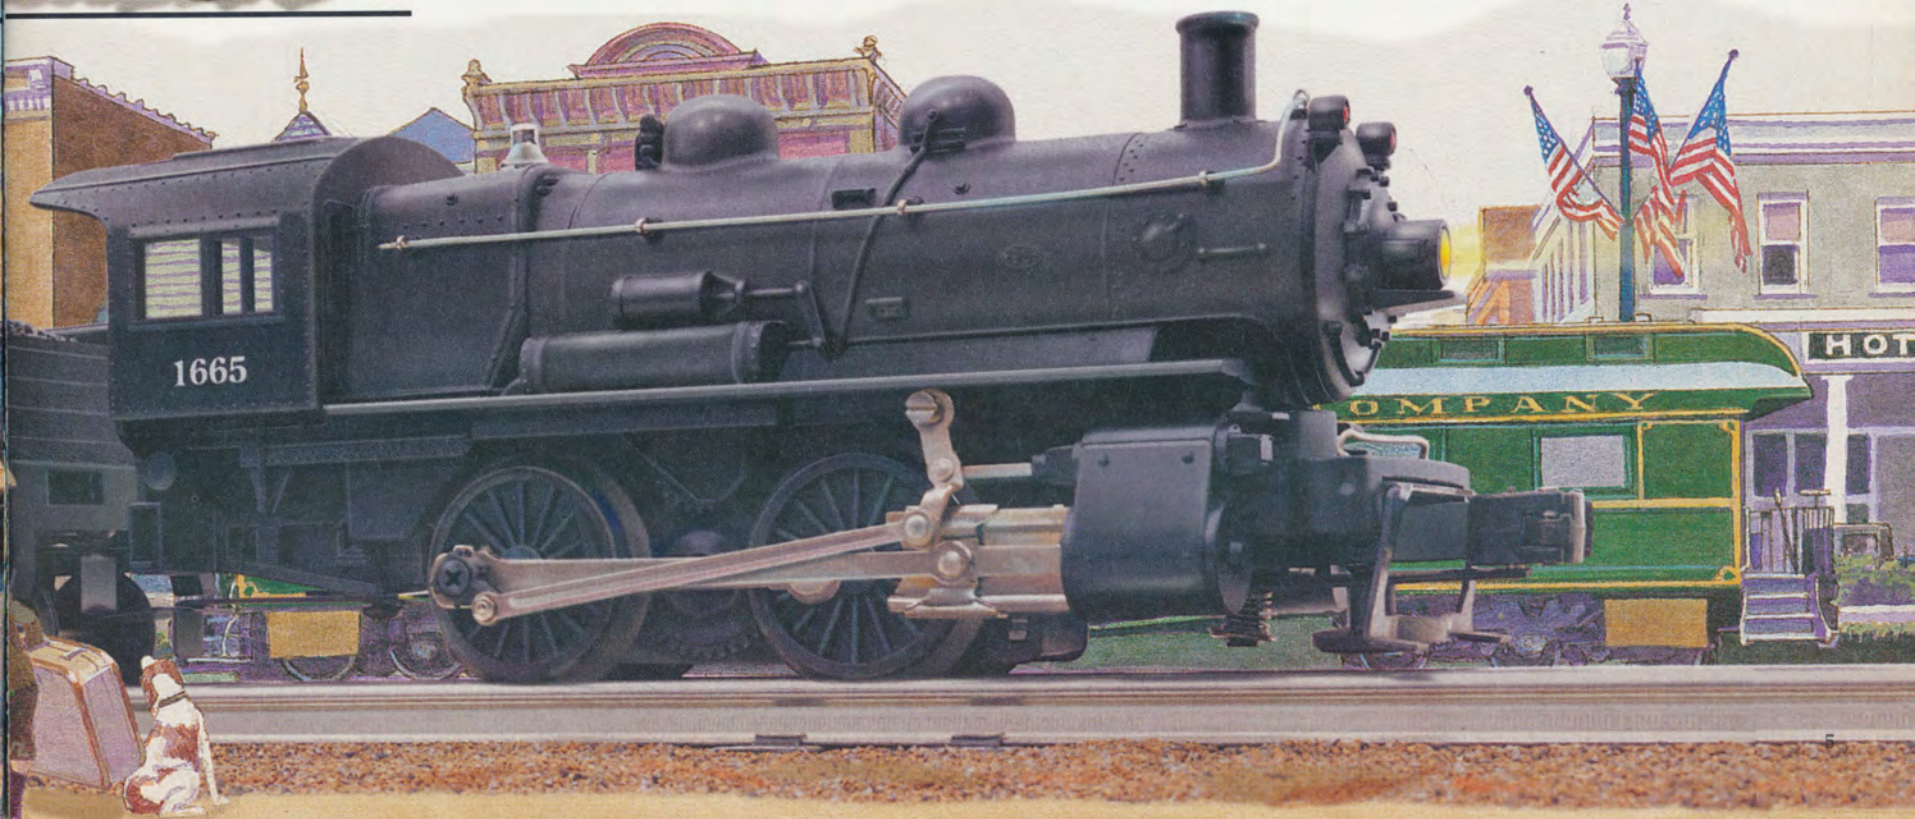

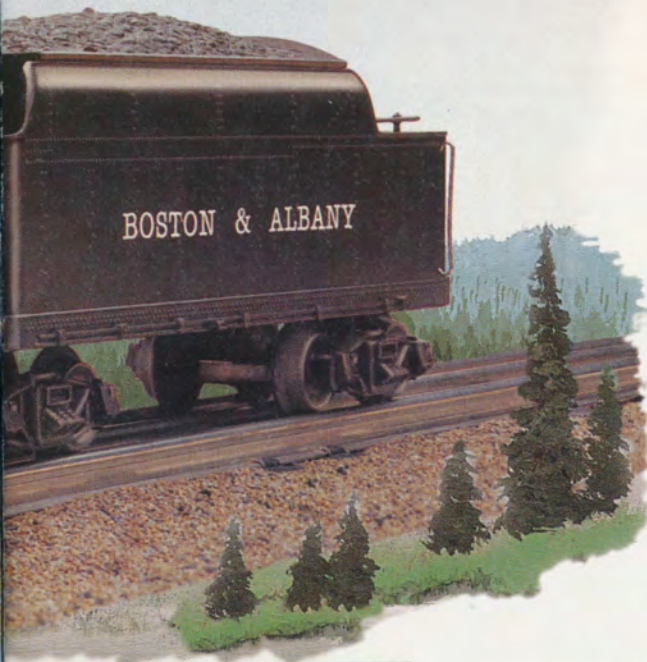

**DETAILS.
DIE-CAST
TRUCKS.**

Inside the tender, a classic Lionel air whistle projects haunting tones across your empire. Outside, accurate Boston & Albany styling, metal handrails and frame, and die-cast tender trucks. All designed with your love of realism in mind.

Smoke, brilliant headlight illumination, magnetic tender coupler, and a "little brother" feel to Lionel's 1995 B&A Hudson make the Lionel 2044 a great addition to your Lionel railroad. Length 18 1/2". (6-18653) \$274.95

STYLING.**

2380 CANADIAN PACIFIC GP9 DIESEL LOCOMOTIVE

Bring the power of Pullmor® and realism of all-new Lionel SignalSounds™ to your empire with the Lionel Command-equipped 2380 GP9.

Stunning in classic Canadian Pacific Railway maroon and gold, the Lionel 2380 is one more reason demanding railroaders are choosing Lionel.

Start with the Pullmor® Classic™ drive. Yard speeds or mainline highballing are yours with the 2380's Pullmor® open-frame

ALL-NEW DIGITAL
SIGNALSOUNDS.

motor. (So is the classic smell of ozone!) Make your 2380's presence known with all-new Lionel SignalSounds™. It's the digital sound system that features authentic digital recordings of real-life locomotive signal sounds—horns and bells. One listen is all you'll need to realize that Lionel SignalSounds gives your railroad superior sound—at an unbeatable price!

Install a Command Base and CAB-1 remote on your railroad and unlock the extra features inside your 2380 Canadian Pacific Geep. Run your 2380 *independent of other locomotives*, even when they're on the *same track!* Enjoy realistic performance features like momentum and stall voltages for even more responsive throttle control. *Lionel exclusives!*

DIRECTIONAL
LIGHTING.

No matter what your style of railroading, the Lionel 2380 has what it takes. Command-equipped performance. The digital realism of SignalSounds. And a *terrific* price. Length 14". (6-18564) \$279.95

STUNNING CANADIAN PACIFIC DECO.

**THE BEST VALUE
IN MODEL TRAINS.
PERIOD.**

622 NEW YORK CENTRAL NW2 DIESEL

New-generation motive power! Here comes the best value in model railroading—the new-generation Lionel 622 NW2. This Lionel classic now features the all-new Command-equipped Lionel Pullmor® Direct™ drive and SignalSounds™ digital sounds for unparalleled performance at *any* price!

Here's how Pullmor Direct works. A powerful, vertically mounted can motor with flywheel meshes with long-life drive gearing inside the die-cast power truck. Power is then directly and economically transferred to the traction-enhanced drive wheels for smooth acceleration and incredible pulling power! Plus, you'll love the drifting action of Pullmor Direct's flywheel coasting.

Combine this all-new drive with the ultimate control of TrainMaster Command, and you've got the most advanced model train you can buy—for under \$200! Add the Command Base and CAB-1 remote to your railroad (available separately) and experience the 622's many Command-

equipped features: zero-start creeping, realistic speed ranges, and most important, individual control of your 622 on the same track, at the same time, as other locomotives! No other locomotive control system comes close at *any* price!

Lionel SignalSounds is the all-new digital sound system that features authentic digital recordings of real-life locomotive signal sounds—horns and bells. SignalSounds is the digital sound system with big, realistic sound *and* unbeatable value, too!

The Lionel 622 comes decorated in New York Central black with authentic NYC lettering and true-to-life data marks. Rugged stamped-metal frame. Metal handrail details. Die-cast trucks. Magnetic couplers. Directional lighting. Metal horn and plastic antenna and bell details.

Command-equipped. Digital signal sounds. Precision can-motor drive. Rugged feel. Only Lionel delivers so many great features at this incredible price. The Lionel 622. The new standard for value. Length 12". (6-18949) \$199.95

**DIRECTIONAL
LIGHTING.**

8228 SOUTHERN PACIFIC DASH 9 DIESEL LOCOMOTIVE

New features! The latest addition to the Dash 9 diesel locomotive family has arrived—and it's a knockout! Introducing the Lionel Command-equipped 8228 Southern Pacific Dash 9, fresh from the paint shop to your railroad. Unparalleled features, top performance, and exquisite decoration

BRILLIANT LIGHTING THAT YOU CONTROL.

quality make the Lionel 8228 a must-have for all your contemporary diesel operations.

If you want the best, *this is it*. Dual Pullmor® Classic™ power—big, powerful open-frame motors that not only pull with gusto and coast with ease but create magical Lionel ozone too! TrainMaster Command-equipped—

ACCURATE DATA MARKINGS.

DIRECTIONAL LIGHTING.

run your Lionel 8228 independent of other locomotives *on the same track*. It's amazing! (Just add a Command Base and CAB-1 remote to your railroad, available separately.) Plus, experience Command-exclusive features like total sound and lighting control, enhanced performance, and much more. Advanced, easy, and fun—that's Lionel TrainMaster® Command™.

We're also proud to announce the Lionel 8228 comes equipped with Lionel Electrocouplers™ Plus—coil-activated couplers that work *anywhere* on your railroad with TrainMaster Command *or* over any UCS in conventional operations. The special coil-plus-target disc design gives you performance freedom. Another Lionel innovation designed with you in mind.

EXPERIENCE THE
POWER OF
ELECTROCOUPLER.

The Railsounds™ Dash 9 digital sound system captures all the power and majesty of this brute with actual digital recordings of the real thing. Only Lionel records the real thing so that your railroad can boast the ultimate in realism.

Command-equipped Pullmor power. Railsounds. And all-new Electrocouplers Plus. No one gives you more features *or* realism at *any* price. The Lionel 8228 Southern Pacific Dash 9. Length 16½". (6-18228) \$699.95

8365 GENERAL ELECTRIC DASH 9 DEMONSTRATOR

Bring the realism of General Electric's demonstrator fleet to your railroad with the Lionel Command-equipped 8365 GE Dash 9 demonstrator. Loaded with all of Lionel's top-of-the-line features, the Lionel 8365 GE is right at home on any Lionel railroad, no matter what the geographic region.

Start with the drive train. You get Dual Pullmor® Classic™ motors for the *ultimate* in pulling power, coasting distance, and the aura of Lionel ozone! Then add the fun and powerful control of TrainMaster® Command™. Just install a Command Base™ and CAB-1™ remote on your railroad, and you instantly unleash the advanced power of your Lionel.

Experience features like ultra-accurate speed control and momentum, total lighting and sound control, *and activate-anywhere* control of your all-new Electrocouplers™ Plus. The innovative coil-plus-target disc design lets you open couplers in both Command *and* conventional (UCS) operations.

Thrill to the unparalleled realism of the Railsounds™ Dash 9 digital sound system. True-to-life Dash 9 recordings bring your Lionel 8365 to the next level of realism. And it's only from Lionel.

Go for the best. Own the Lionel 8365 General Electric Dash 9. Length 16½". (6-18226) \$699.95

2000 ATCHISON, TOPEKA & SANTA FE RAILWAY ALCO PA-1 DIESEL LOCOMOTIVE

Strikingly handsome, incredibly powerful, and built with a dizzying array of cutting-edge features. Announcing the return of the Lionel Command-equipped 2000 Santa Fe Alco PA-1 diesel locomotive—for less than \$300!

Just look at the features we've packed into this rugged workhorse! Command-equipped, for all the power and fun of TrainMaster® Command™ operations. Dual Pullmor® Direct™ power, our all-new, flywheel-equipped, vertical can-motor drives. SignalSounds™, our all-new digital sound

system that gives your railroad big digital sounds at an unbeatable price. Detailed cab interior. Big, die-cast six-wheel trucks. Industry-leading decoration in the Santa Fe's famed warbonnet scheme. And the list goes on. The Lionel 2000 is value defined.

Let's talk performance. Our new Pullmor Direct system employs a vertical can motor integrally mounted in the PA-1's power

DETAILS, DETAILS.

truck. When you apply voltage, the precision motor turns slowly, then grows in power and intensity with your command. And we've packed not one but two of these incredible drives into the Lionel 2000. Next, add the sophisticated fun of TrainMaster Command. Install a Command Base and CAB-1 remote on your Lionel railroad (available separately) and unlock the enhanced

THE HANDSOME BRUTE.

performance and control features of your Lionel 2000. Power and control are *yours*.

And to make yourself known, trust SignalSounds, the all-new digital sound system with big digital single-chime diesel horn and mechanical bell sounds. SignalSounds is one more reason the Lionel 2000 PA-1 is such a terrific locomotive. And it's *exclusively* Lionel.

Add realistic details like metal grab-rails, lighted number boards, cab interior with engineer, magnetic couplers, and the beauty of the Santa Fe's war-bonnet scheme. This is the locomotive

you've been waiting for. The Lionel 2000 PA-1. An incredible value only Lionel can deliver. Length 16 1/2". (6-18952) \$299.95

2572-5 ATCHISON, TOPEKA & SANTA FE RAILWAY SURFLINER PASSENGER SET

And to run with your brand-new Lionel 2000 Santa Fe Alco PA-1 diesel—four of the most beautiful passenger cars Lionel has ever offered. Designed to recall the stainless-steel glory of the Atchison, Topeka & Santa Fe Railway's passenger era, we call this set *The Surfliner™* in honor of one of the world's most beautiful routes—the "Surfliner" corridor between Los Angeles and San Diego.

The Lionel *Surfliner* four-pack includes the Indian Arrow dining car, Grass Valley four-car, and Vista Heights observation car—a typical consist for a midday *San Diegan*, Santa Fe's real-life surfliner passenger service of the 1950s and '60s. All are crafted from chrome-look aluminum with correct fluting detail and true-to-life car names and graphics.

Traditional passenger silhouettes tell you this is one popular route—and why not? With the breakers rolling in as you pass by, this could be the most beautiful scenery the Santa Fe ever called its own. Make it *yours* with Lionel.

Brilliant interior lighting in each 16" car sets the tone. Even the *San Diegan* drumhead on the observation car says romance and realism. Add the dependability of magnetic lift-plate couplers, die-cast trucks, metal frames, and famed Lionel quality, and your empire's passenger operations may just take a turn for the beach!

The Lionel *Surfliner*. One more example why railroaders count on Lionel for creativity and value. (6-19180) \$499.95

INVASION EARTH!

Scenario: Marvin the Martian selected to lead Invasion Earth. Unfortunately, all Martian weaponry rendered useless by 24-hour shopping channels. Determined . . .

6655 MARVIN THE MARTIAN MISSILE-LAUNCHING FLATCAR

Start your Warner Bros. products by Lionel Invasion Earth series with the 6655 Marvin the Martian missile-launching flatcar. Marvin the Martian and Bugs Bunny figures (ladder included!). Superior decoration, excellent fun! Without question one of the finest Warner Bros. products by Lionel ever made. Missile-launching mechanism, die-cast trucks. Length 10 1/4". (6-16752) \$74.95

. . . Marvin the Martian rents the best f on the best. First victim Bugs, who happens to be hanging out, inspecting hardware, in space duds . . .

. . . which makes Marvin the Martian verrrrrry angry. Steam from ears, etc. Vows revenge. . .

Amie
bars

9700 MARVIN THE MARTIAN BOXCAR

Marvin the Martian and Duck Dodgers (aka Daffy Duck) square off in classic Warner Bros. fashion on our latest Warner Bros. 9700 boxcar. Excellent decoration—in traditional Marvin the Martian colors, no less!—die-cast trucks, and graphics tell the mini-story of Duck Dodgers vs. Marvin the Martian. Length 10 1/4". (6-16274) \$59.95

TM & © 1996 Warner Bros.

. . . None-too-terrified World reacts by turning Marvin the Martian into pop-culture ad icon. Suddenly, Marvin the Martian is everywhere . . .

TM & © 1996 Warner Bros.

... to be continued ...

LOONEY TUNES, characters, names and all related indicia are trademarks of Warner Bros., ©1996

PS-1 POWERSTATION-POWERHOUSE SET

New! Upgrade to big power with the new PowerStation-PowerHouse set. PowerHouse cranks 135 watts and 8 amps of brawny power into the PowerStation controller, which has both variable (track) and 14-volt fixed (accessory) terminals. Control train speed with the Circle-L dial. Monitor train power with the illuminated powerband indicator. Change direction. Activate virtually any sound system ever made for O and S gauge trains. Set includes one PowerStation and one PowerHouse. UL listed. (6-12938) \$199.95

193 INDUSTRIAL WATER TOWER

New! Everyone's favorite industrial water tower returns to Lionel City! The 193 features quality Lionel construction, a blinking roof beacon to ward off low-flying aircraft, and excellent detail. Painted plastic components and steel superstructure add to the quality feel. Add realism and detail to any civic or industrial scene with the 193 water tower. Tower measures 6" x 6" x 15". (6-12958) \$69.95

197 ROTARY RADAR ANTENNA

Make safety a priority with all your Lionel City aviation endeavors—the 197 rotary radar antenna is back! Smartly decorated in its original color scheme, the 197 features the legendary Lionel Vibrotor® for dependable radar-antenna rotation. If your Lionel empire has air connections, keep flights organized with the 197 radar antenna. Measures 4" x 5" x 12". (6-12960) \$49.95

118 LIONEL LINES PASSENGER SERVICE CENTER with steam whistle

New look! The 118 Lionel Lines passenger service center has all the conveniences of modern society: pay phones with data ports, ATM, send-a-fax stations, and baggage claim. Plus, a classic Lionel air whistle and brilliant illumination inside. Measures 7" x 8" x 4". (6-12962) \$49.95

PG-1 POWERGRID-POWERHOUSE SET

New! Take care of your railroad's nontrain electrical needs with the all-new PowerGrid-PowerHouse set! Great for powering accessories, switches, lights, and more! PowerHouse cranks 135 watts and 8 amps of power into PowerGrid, which distributes the voltage to four fixed-voltage terminals: 10, 12, 14, and 16 volt settings. Reliable power that doesn't tax locomotive performance. Set includes one PowerGrid and one PowerHouse. UL listed. (6-12939) \$149.95

292 INTERMODAL CRANE

Place the innovation of classic Lionel animation into any modern-era setting with the 292 intermodal crane. And with a choice between Southern Pacific or Norfolk Southern markings, your 292 will go just about anywhere you want.

Scaled from authentic blueprints of the Mi-Jack Corporation, the 292 is a wonder of fun and function. Using the 292C controller joysticks, you can make the crane roll forward, backward, or left and right. Then, when you're in position, lower the lift assembly over a Lionel trailer-on-flatcar or doublestack car and grasp the container. The clamps snap into position, ready to lift the container or trailer. Then, the load's disposition is up to you: transfer it to a car on an adjacent track (the crane can straddle two parallel Lionel O or O-27 straight tracks) or deliver it (via the crane's rolling wheels) to another location in your intermodal yard.

True Lionel action and innovation, and great fun too. Plastic construction. Brilliant operator-shack illumination. The 292 includes one crane and one 292C controller. Trailers and containers are available separately.

292 Southern Pacific (6-12936)

292 Norfolk Southern (6-12937)

Crane measures 14½" x 8½" x 12¼". \$324.95

SOUTHERN PACIFIC Sp

6464 MONON "HOOSIER LINE" BOXCAR

Another new entry in the Lionel new-generation 6464 boxcar series is 6464-197. Decorated for the Monon, this classic boxcar has prototypically accurate graphics and reporting marks, colorful decoration, metal door guides, brake wheel, and frame, and die-cast sprung trucks. Length 10". (6-19289) \$44.95

6315 LIONEL-SUNOCO TANK CAR

Lionel Corporation accents add to this already very striking Sunoco single-dome tank car. Excellent decoration combines with quality construction—metal catwalk, ladders, handrails, brakewheel, and die-cast sprung trucks—to create an excellent tanker for your fleet. Length 10". (6-16150) \$44.95

6464 SEABOARD "SILVER METEOR" BOXCAR

Sharp! That's what you'll call 6464-297, the Seaboard "Silver Meteor" boxcar. Knockout decoration, prototypically accurate graphics, metal door guides, brake wheel, and frame, die-cast sprung trucks. Length 10". (6-19290) \$44.95

243W WHISTLE TENDER

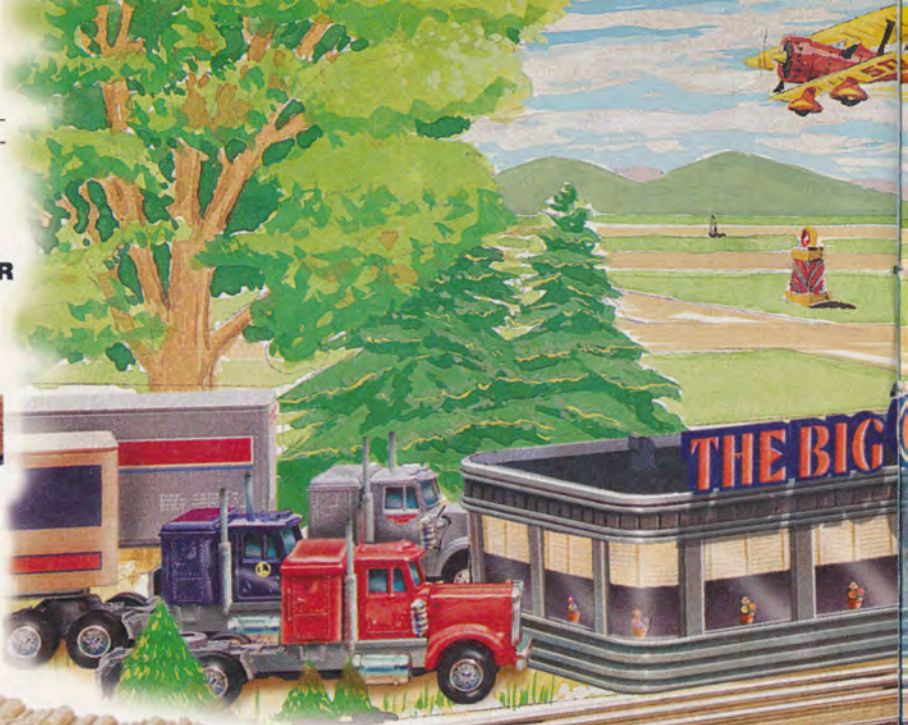

Bring the haunting tones of the classic Lionel air whistle to any locomotive. Magnetic coupler on rear, adaptive drawbar, plastic trucks. Length 8". (6-16673) \$49.95

9823 SOUTHERN RY. BULKHEAD FLATCAR WITH WOOD LOAD

New! Talk about realism—you can almost smell the sawdust from our all-new cut-wood load. (Great flatcar tool!) Die-cast trucks. Length 13 1/2". (6-16951) \$46.95

6725 RHINO CAR

As the boxcar rolls down the track, the rhino bobs his head up and down automatically. Length 10". (6-16725) \$44.95

9827 NYC PACEMAKER ANIMATED BOXCAR

Action! Place the 9827 over a remote-control (UCS) section and press unload. The door flies open and the conscientious railcar employee wings his bag of freight to the ground! Length 10". (6-19827) \$54.95

838K BIG L DINER BUILDING KIT

New! Here it is—the coolest-looking place in Lionel City—and it's the truckers' favorite. What better recommendation could you ask for? (*We thought so.*) Introducing our newest building kit, the Big L Diner. Styled to resemble the now-vanished local diner that once dominated urban and suburban locales, the Big L Diner comes vacuplated in a dull metallic finish for that out-of-the-box authentic look. Plus, the kit is easy to build, so you'll be serving up hot plates of, well, *whatever*—in short order! (Get it?) Printed window inserts and tons of detail make this a true focal point for any setting, roadside or urban. Look to Lionel for creativity and authenticity, because that's what you demand! Measures 9½" x 5" x 3". (6-12952) **\$39.95**

Speaking of building kits—We're *always* looking for new ideas in our ever-expanding Lionel building kit line. If you have a structure you'd like to see us bring out, drop us a note. We're at LIONEL, attention: Product Development, 50625 Richard W Blvd., Chesterfield, Michigan 48051-2493 UNITED STATES OF AMERICA. Thanks!

840K LINEX GASOLINE TALL OIL TANK

New! Not really a building kit (it's a big chunk of plastic, actually) and not really a track-side accessory. What is it? Why, it's the all-new Linex Gasoline tall oil tank! Give it a coat of silver paint (it comes molded in gray) and apply the sharp Linex Gasoline self-adhesive sign, then place it next to rail yards, industry, or even airfields. Excellent engraved detail, prototypically accurate, and a great value too! 6" diameter x 6½" tall. (6-12953) **\$19.95**

839K LINEX GASOLINE WIDE OIL TANK

New! Here's 840K's squat but stalwart little brother, the Linex Gasoline wide oil tank. Just as great in all kinds of settings, except 839K is a touch more vertically challenged. Molded in gray, ready for painting. 7½" diameter x 4" tall. (6-12954) **\$19.95**

837K AIRPLANE HANGAR BUILDING KIT

New! Give your Lionel airplane collection a place to call home—our newest building kit, the airplane hangar. Specially designed for Lionel Beechcraft Bonanza aircraft, our easy-to-build kit boasts a number of interesting features you don't normally find in model kits. Like a see-through clear-styrene roof. Authentic hangar doors that open and close. And true-to-life aviation-specific architectural details that make this kit a natural in any setting, even if your railroad has only a small piece of real estate devoted to air operations. Perfect for small municipal airports as well as military hangars adjacent to your Lionel military rolling stock. Whatever the interpretation, get airborne with the 837K hangar kit. 837K does not include Lionel Beechcraft aircraft. Measures 10½" x 9¼" x 4½". (6-12951) **\$39.95**

diverter gate and allow a few lucky head of cattle into the Circle of Reprieve. Terrific action, crisp Chicago and North Western decoration, and the kind of drama you just can't get anywhere else! Car length 11 $\frac{1}{2}$ ". (6-19828) \$149.95

6464 GREAT NORTHERN BOXCAR

Another fine edition in the new-generation Lionel 6464 series is the 6464-397 Great Northern Railway boxcar. Prototypically accurate decoration and razor-sharp graphics make this one not only realistic but a headturner as well. Like all 6464s, die-cast sprung trucks, metal frame, door guides, and brakewheel. Length 10 $\frac{1}{2}$ ". (6-19291) \$44.95

5717 UNION PACIFIC BUNK CAR

Give your hard-working track gang all the comforts of home—*kind of*—with the Union Pacific bunk car. Excellent detail and brilliant interior illumination. Plastic trucks. Length 11". (6-16741) \$44.95

3356 ANIMATED STOCKCAR AND STOCKYARD

Action! Press the control button, and the stockcar's doors fly open, releasing seven miniature cattle. As they scramble down the ramp and into the stockyard, you decide who heads back into the car for a date with destiny. Or, throw the

6417 PENNSYLVANIA N5c CABOOSE

The classic Pennsylvania 6417 N5c features accurate Tuscan red paint and markings, including Buffalo Zone reporting marks. Clear windows, interior illumination, magnetic couplers, die-cast trucks. Length 7 $\frac{1}{2}$ ". (6-19736) \$69.95

6473 BREYER® ANIMATED HORSE CAR

Bring the world of Breyer® collectible miniature horses to your railroad with the 6473 animated horse car. Four restless Breyer champions peer in and out of their windows as the car rolls down the track. Superior decoration (even the horses have blazes!), die-cast trucks. Breyer® is a registered trademark of Reeves International. Length 9". (6-16747) \$46.95

3428 LIONEL CORPORATION MAIL CAR

If you only knew how much paper gets pushed at Lionel, you'd *know* we need our own mail car just to handle it all!

Locate your 3428 over a UCS (available separately), then press *Unload*. The door flies open and Lionel's mail guy tosses the bag! Sharp Lionel Corporation deco, die-cast trucks. Length 10 1/4". (6-19830) \$54.95

3436 LIONEL CITY AQUARIUM CAR

New! You'll love the all-new 3D holographic images on our 3436 aquarium car! The Lionel City Aquarium's marine rescue transport cares for unlucky denizens of the deep—in this case, a wayward octopus and hungry shark. Incredible realism, totally fun! Die-cast trucks. Length 10 1/4". (6-16750) \$49.95

6315 AEC REACTOR FLUID TANK CARS

New and cool! The Atomic Energy Commission returns to the Lionel Lines, this time with a fleet of three sequentially numbered clear-body tank cars designed to haul what the AEC ominously refers to as "reactor fluid!" Our secret—special, completely safe and nontoxic rheoscopic fluid in sealed tubes. Shake these cool cars up (or pull them around your

empire) and watch the fluid swirl and change colors. It's mesmerizing—and very fun! Three terrific colors: 6315-1 (6-16153) hauls biohazard blue, 6315-2 (6-16154) delivers plutonium purple, and 6315-3 (6-16155) carries Geiger green. Metal tank platforms, ladders, handrails, and brakewheels. Die-cast sprung trucks. Period AEC decoration. Totally safe and nontoxic. Each car sold separately. Length 10". \$69.95 each

9464 PENN CENTRAL BOXCAR

Build your Standard O 9464 boxcar fleet with the striking hues of the 9464-297 Penn Central. Not known for high-concept decoration, the PC did manage a few—and this is Lionel's favorite by far! Die-cast sprung trucks. Length 11 $\frac{1}{8}$ ". (6-17225) \$54.95

9464 CENTRAL OF GEORGIA BOXCAR

One of the most popular schemes in the Lionel 6464 series now rides on the hi-rail Standard O boxcar. Classic maroon and silver with prominent *Central of Georgia* and *The Right Way* name boards make 9464-197 yet another example of Lionel's industry-leading decoration quality. Die-cast sprung trucks. Length 11 $\frac{1}{8}$ ". (6-17224) \$54.95

9823 WESTERN PACIFIC FLATCAR with ERTL® CATERPILLAR® FRONTLOADER

The old Caterpillar® plant in San Leandro, California, built many of the world's most rugged examples of construction

equipment. Western Pacific provided transport from factory to the customer's door—in this case, Lionel Construction. Die-cast sprung trucks. Length 11 $\frac{1}{8}$ ". (6-17517) \$69.95

9464 MILWAUKEE ROAD BOXCAR

The third entry in the new Standard O 9464 boxcar series features the haunting hues of the Milwaukee Road, one of mid-America's most beloved—and missed—railroads. Crisp maroon-and-gold paint and prototypically accurate graphics. 9464-397 is a must for all fans of the Milwaukee Road. Die-cast sprung trucks. Length 11 $\frac{1}{8}$ ". (6-17226) \$54.95

7900 SUNOCO® UNIBODY TANK CAR

Fifty years of hauling petroleum for Sunoco guarantees Lionel Lines as The Sun Company's preferred carrier! Add the modern look of the Standard O Unibody tank car to your fleet. Die-cast sprung trucks. A Sun Company licensed product. Length 11 $\frac{1}{8}$ ". (6-17910) \$64.95

9823 TEXAS AND PACIFIC FLATCAR WITH TWO BEECHCRAFT BONANZAS

Bound for glory on a rural Texas air-circus flying team, these two snappy red-and-white Beechcraft Bonanzas will enliven any lineside setting. Or remove the aircraft from the detailed Standard O flatcar and put them in the new Lionel hangar building kit. Evocative T&P decoration provides a striking visual contrast. Die-cast sprung trucks. Length 11 $\frac{1}{8}$ ". (6-17516) \$74.95

LIONEL Train Sets

This is where dreams begin.

The world of Lionel railroading, like so many things, begins simply, with that first electric train set. Perhaps you recall the first Lionel you received as a child. Or maybe it was *you* who started someone special in the world of Lionel railroading. No matter what the story, the message always remains the same.

Dreams that endure for generations.
And fun that lasts a lifetime.

Lionel has been building ready-to-run train sets for 96 years. Sure, there are lots of average train sets to choose from. There always have been. But today, as then, there's only one train that can transform the magic into a lifelong passion for model railroading. And that's Lionel.

The reason is simple. Quality. Fun. Action. And enduring value. When you open a Lionel train set, you get *much* more than everything required to start running trains. You receive the commitment and experience of our entire organization, hundreds of hard-working Americans committed to ensuring 100-percent satisfaction. You get our three-year performance guarantee. And you get the legendary quality for which Lionel is famous.

Rugged locomotives. Colorful and fun rolling stock. Track. Power and control. And the kinds of extras you just can't get anywhere else.

Lionel train sets.
The world is yours. Let us help you build it.

1809

1809 LIONEL VILLAGE TROLLEY COMPANY SET

Perfect around the tree! The trolley automatically reverses when it touches a bumper (headlights change too!); 3 curve, 4straight O-27 tracks; two bumpers, power pack. (6-11809) \$99.95

1919

1919 LIONEL DOCKSIDER SET

Great value, loads of fun! Rugged little 8200 Docksider 0-4-0 steamer with forward-neutral-reverse operation pulls a 9700 New Haven boxcar with opening doors and 6057 Lionel Lines bobber caboose. Set includes an oval of O-27 track and power pack. (6-11919) \$99.95

1735WS

1113WS LIONEL LINES FREIGHT SET 1997

Here's the Lionel set that has something new and collectible each year! All the classic elements are included—plus two items specially built for 1997 only! Set 1113WS is led by the die-cast X1110 4-4-2 steam locomotive with brilliant headlight, smoke, and classic Lionel air whistle. It pulls a 9700

Lionel Cola boxcar; 6424 stakeside flatcar; and 6357 Lionel SP caboose with brilliant interior lighting. All cars have high-end decoration and magnetic couplers. The Circle L Cola tractor-trailer is a knockout too! Big 27"x63"

oval of O-27 track, 40-piece freight load, 40-watt 3-amp power and control system, 1997 collector package. Start your Lionel Lines collection this year! (6-11921) \$199.95

1929

1920 PORT OF LIONEL CITY DIVE TEAM SET

Feel the excitement and adventure of a professional dive team's exploits with the Port of Lionel City set! Dynamic decoration and innovative fun make this a must-have! Leading the way is the rugged Lionel 2030 Port Alco FA2 diesel locomotive with long-life power truck, traction enhancement,

brilliant interior and headlight illumination, magnetic coupler, and newly restored streamlined pilot skirt. Dive team support cars include the 3540 radar car; 6424 flatcar with motorized Port speedboat (batteries not included); 6660 derrick car; 6822

searchlight car; and 6130 illuminated medical caboose. Plus, a very cool Port tractor-trailer, grade crossings, magnetic couplers, big 27"x63" oval of O-27 track, 40-watt 3-amp power and control, and superior decoration. (6-11920) \$269.95

1900WS

Feel the excitement and adventure of a professional dive team's exploits with the Port of Lionel City set! Dynamic decoration and innovative fun make this a must-have! Leading the way is the rugged Lionel 2030 Port Alco FA2 diesel locomotive with long-life power truck, traction enhancement,

brilliant interior and headlight illumination, magnetic coupler, and newly restored streamlined pilot skirt. Dive team support cars include the 3540 radar car; 6424 flatcar with motorized Port speedboat (batteries not included); 6660 derrick car; 6822

searchlight car; and 6130 illuminated medical caboose. Plus, a very cool Port tractor-trailer, grade crossings, magnetic couplers, big 27"x63" oval of O-27 track, 40-watt 3-amp power and control, and superior decoration. (6-11920) \$269.95

1931S LIONEL CHESSIE FLYER FREIGHT SET

Another great Lionel value is the Chessie Flyer freight set. Rugged die-cast 8632 steam locomotive with forward-neutral-reverse operation, brilliant headlight, and smoke pulls colorful freight: New York Central 6424 bulkhead flatcar with stakes, 9700 New Haven box-

car with opening doors, and 6257 C&O caboose, all with magnetic couplers. Big 27"x63" oval of O-27 track, 40-watt 3-amp power and control

system. Start railroading today with the Chessie! (6-11931) \$149.95

1931S

1735WS LIONEL NEW YORK CENTRAL FLYER FREIGHT SET

An all-time Lionel favorite! The New York Central Flyer freight set has value, features, and plenty of railroading excitement. Start with the rugged 8632 4-4-2 steam locomotive. Its die-cast boiler is packed with a long-life drive system, brilliant headlight, real smoke generator, and tires for enhanced pulling power. Its

tender features a Lionel air whistle for classic, haunting tones on demand. Freight cars include a 9700 New Haven boxcar, 6424 New York Central bulkhead flatcar with stakes, and 6257 NYC caboose. All cars have magnetic couplers and metal wheels and axles.

Set 1735WS even includes a tractor-trailer, grade crossings, 40-piece freight load, big 27" x 63" oval of O-27 track, and 40-watt 3-amp power and control. Go Lionel with the New York Central Flyer—a terrific value and loads of fun! (6-11735) \$169.95

1113WS

1929 LIONEL WARBONNET PASSENGER SET

The majestic colors of the Santa Fe return to Lionel train sets with the Lionel Warbonnet passenger outfit. Set 1929W is pulled by a rugged Lionel 212 Santa Fe Alco FA2 diesel equipped with a long-life power truck, traction enhancement, brilliant interior and

headlight illumination, magnetic coupler, and newly restored streamlined pilot skirt. Three passenger cars complete the set: the 2407 *Thoreau* combination car, 2404 *Tucumcari* Vista-Dome, and 2406 *Tehachapi* observation

car. All have brilliant interior illumination and magnetic couplers. Big 27"x63" oval of O-27 track, 40-watt 3-amp power and control, and excellent painted decoration. (6-11929) \$229.95

1920

1900WS LIONEL SANTA FE SPECIAL FREIGHT SET

Great value and great fun are headed your way with the Lionel Santa Fe Special freight set. Set 1900WS is led

by the rugged Lionel 8644 4-4-2 steam locomotive with die-cast metal boiler, long-life drive train, headlight, traction enhancement, and classic Lionel air whistle. It pulls a 9700 Santa Fe *Chief* boxcar; 6424 auto flatcar with two vintage

sedans; 6424 trailer-on-flatcar; 3362 animated log-dump car; and 6357 illuminated caboose. Big figure-8 of O-27 track, remote-control section, grade crossings, 40-watt 3-amp power and control, tractor, cargo load, and action! (6-11900) \$269.95

373 376 NICKEL PLATE ROAD GP9 DIESEL LOCOMOTIVE SET

Nothing beats the rugged power of the American Flyer GP9—especially when it's wearing the bold colors of the Nickel Plate Road! Add this handsome set of GP9s to your

American Flyer empire. Powered 373 includes a rugged power truck and traction enhancements. Diesel horn-equipped nonpowered 376—like its powered counterpart—has brilliant interior illumination, operating couplers, rugged steel frame, and detailing only the A.C. Gilbert Co. could create. Length 10 1/2" each. (6-48017) \$499.95

1030 NICKEL PLATE ROAD CABOOSE

New! The rugged, all-American look of the steelside caboose comes to American Flyer! Incredible detail, blueprint-accurate design, and brilliant interior lighting makes this one

a must-have. Striking NYC&St.L scheme is perfect for the 373-376 Geep set, too. Length 7 1/2". (6-48713) \$54.95

AMERICAN FLYER TRAINS

1046 GILBERT INTERMODAL TTUX SET

Intermodal operations are key to any modern American Flyer empire's success. Bring this revenue stream to yours with the Gilbert Intermodal TTUX set. Two interconnected spine cars with sharp Gilbert-deco trailers, die-cast trucks, operating couplers. Set length 22 1/2". (6-48514) \$99.95

950 ADM THREE-BAY COVERED HOPPER

From the heartland to the dinner tables of America, ADM covered hoppers deliver the produce of American farmers. Deliver the same level of realism to your empire with the 950 three-bay covered hopper. Die-cast trucks, operating couplers. Length 8 1/2". (6-48612) \$49.95

1060 MILWAUKEE ROAD CABOOSE

New! Another new caboose for the American Flyer Lines! This one features an extended cupola over a classic steel-side body. And the Milwaukee Road scheme is pure Flyer! Interior lighting, die-cast trucks, operating couplers. Length 7 1/2". (6-48715) \$54.95

627 NEW HAVEN FLATCAR WITH GIRDER LOAD

New! Die-cast American Flyer girders return! Snappy New Haven scheme too. Die-cast trucks, operating couplers. Length 9 1/2". (6-48515) \$59.95
