**Own this Fantasy D&RGW Train Set  
 Designed by LCCA and Made by Lionel®**

A Limited Edition  
only 300 sets made

# Fast and Fabulous Fantasy Flyer

This #616 O-gauge passenger train set is licensed by Lionel LLC for production exclusively for members of the LCCA.

Touted in the 1935 Lionel® catalog as the finest streamliner produced since Lionel's model of the Union Pacific M10000, the Flying Yankee train of the Boston and Maine Railroad featured an articulated design with two adjacent cars mounted at the vestibules atop a shared connecting truck. The famous B&M speedster raced from Boston to Portland every morning. The Flying Yankees were offered in a number of different liveries.

LCCA offers this fantasy version rendered in Denver & Rio Grande Western décor and named for the Prospector, a first class streamliner that ran from Denver to Salt Lake City in 1941 and '42. This new Lionel Tinplate Train Set is available in two versions: as a contemporary, sound-equipped train or as a traditional train with AC motor and e-unit without a sound system.

Layout provided courtesy of Arkansas Traveler Hobbies, Bald Knob, AR

Production will be limited to 300 total units.

The Prospector Train Set **with sound** includes these features in the #616 power car:

- 3.0 sound system
- Passenger station effects
- Electronic reverse unit
- Streaming smoke, vibrant whistle, and clanging bell (available in this version only)
- Flywheel-equipped motor
- Smooth drive train to pull the metal cars
- Die-cast metal and tin body
- Die-cast chassis
- All-metal wheels and gears
- Speed control
- Operating headlight

The Prospector Train Set **without sound** includes these features in the #616 power car:

- Build-a-LoCo AC motor
- Conventional mode operation
- Die-cast metal and tin body
- Die-cast chassis
- Operating headlight
- All-metal wheels and gears

Features of the Passenger Cars (both versions):

- A Passenger Car and an Observation Car
- Die-cast metal and tin bodies
- All-metal four-wheel trucks
- Metal wheels and axles
- Constant voltage lighting
- Interior lighting built-in to each vestibule
