

Made in
The U.S.A.

Red, White and Blue and Santa Too.

Santa just announced his plans for the 2016 LCCA All-American Christmas car, and it is sure to fill model train collectors with Christmas cheer. Not only is the car made in the USA from new tooling, but Santa reports it's loaded with features to provide Christmas joy for generations to come.

The very limited addition 10 1/2 inch long O gauge boxcar will include die-cast metal sprung trucks, operating couplers and metal frame. And Santa promises great graphics with a festive snowman and Santa himself featured on both sides.

The opening car doors are adorned with the Old Glory to remind everyone it was made by elves right here in the USA.

Santa will only be able to make a few of the highly collectible 2016 LCCA Christmas boxcars, so order yours by November 30 or risk an empty stocking on December 25th. Just fill out the order form below, order from the LCCA website or call the business office right away.
