About the LCCA

The Lionel Collectors Club of America is a national, not-for-profit volunteer organization formed by Jim Gates of Perry, Iowa, along with 83 other charter members in 1970. The club now has thousands of members from all around the world, but predominantly in the U.S. The purpose of the club is to "promote and foster interest, research, education and enjoyment of Lionel trains from 1900 to the present in particular and by association, all toy trains in general." The LCCA works constantly to attract new and younger people who may have never experienced the magic of Lionel trains. For more information, visit our website lionelcollectors.org.
